

Intelligent Portable Soldering Iron

Efficient and Compatible

Capacity
2600mAh

Temperature
100~420°C

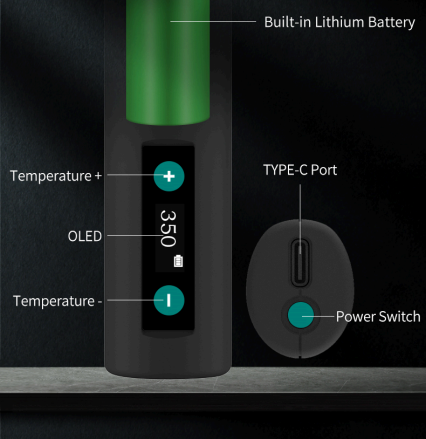

Display
OLED

Button Descriptions

OLED Display Stable Temperature

Precise Temperature Control

Built-in Lithium Battery

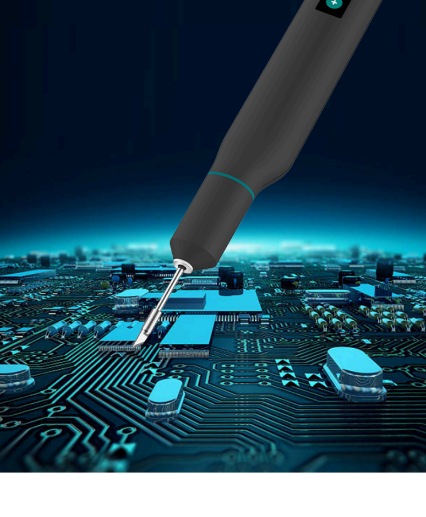

Long-lasting battery life

Energy-efficient and safe operation

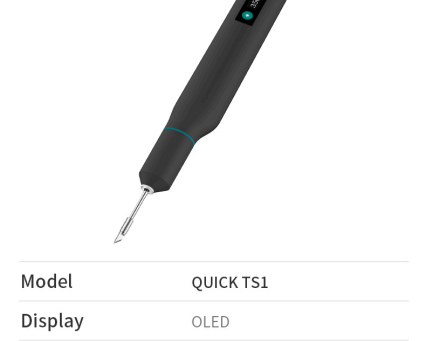

All-in-one Precision Soldering Tip

Quick tip replacement, Fast heating

Product Specifications

Model	QUICK TSI1
Display	OLED
Battery Type	2600mAh/3.7V/18650Lithium Battery
Battery Life	30minutes (Note:V-Pindicates low battery)
Power Consumption	10W
Temperature Range	100 ~ 420°C
Temperature Stability	±2°C (Still air with no load)
Dimensions	198*27*21mm
Weight	About 0.2Kg

Packing List

Main Unit × 1

Soldering Tips × 2

Iron Holder × 1
